ESC/HIJ

Enterprise Services Division's Mission

Mission Statement

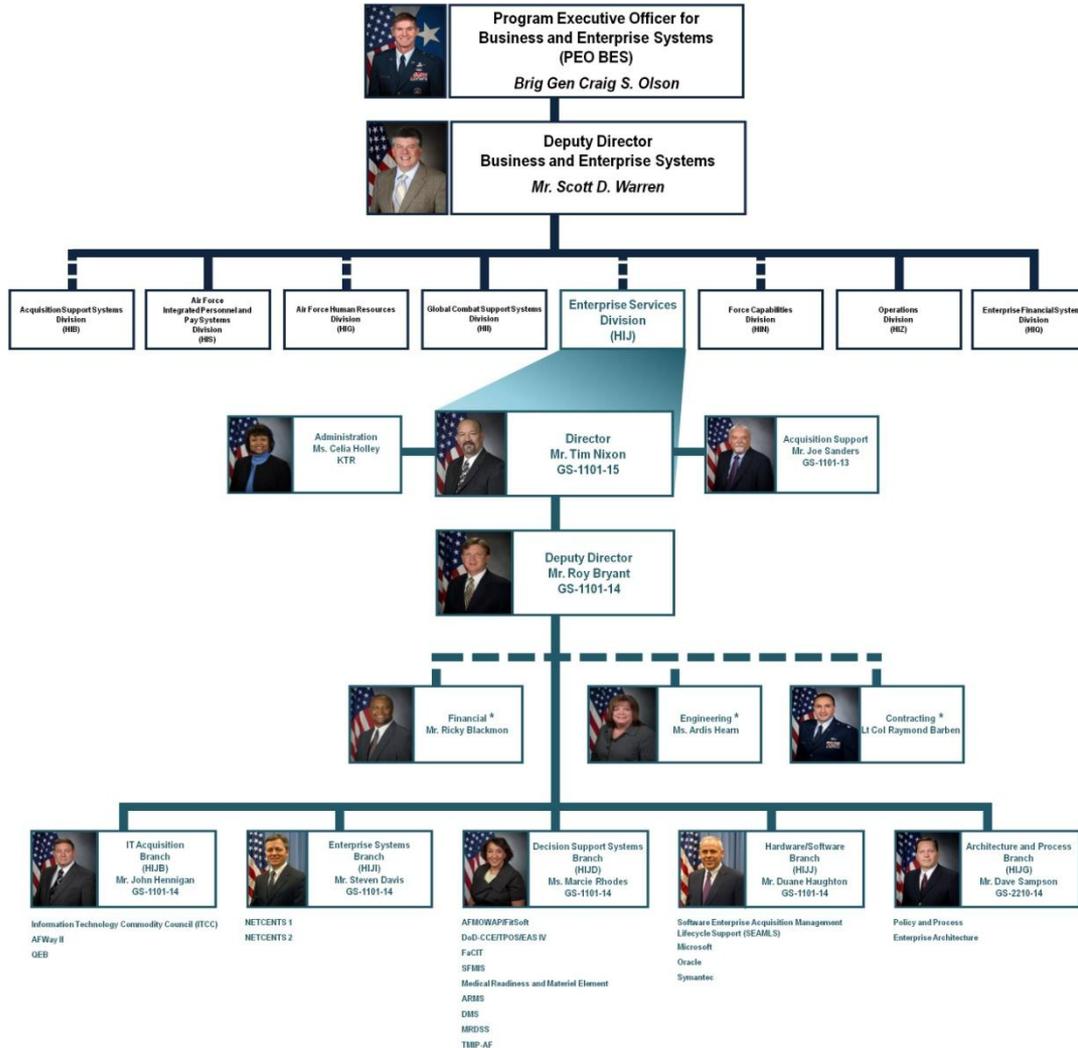

ESC/HIJ Enterprise Services Division - Dutiful in our support of military operations, the Enterprise Services Division provides and supports secure combat information systems and networks that increase the capabilities of our commanders and leaders of the United States Air Force, the Department of Defense and other Federal Government Agencies. Our mission is to deliver information driving war winning decisions by shaping, acquiring, and sustaining warfighting IT capabilities through responsive, adaptive and cost-effective logistics, enterprise services, and infrastructure solutions—to fly and fight in Air, Space and Cyberspace.

- **Dollar Value:** \$9M
- **RFP:** Spring 2012
- **POC:** Capt Rebecca Emerson, 334-416-3279

Upcoming Acquisitions (HIJJ)

U.S. AIR FORCE

Project: DoD Enterprise Software Initiative (ESI) – Information Assurance (IA) Blanket Purchase Agreements (BPAs)

- **Objective:** Execute re-competition of DoD ESI/SmartBUY IA BPAs
- **Scope:** Information Assurance and Insider Threat Software open to the entire federal government including all Department of Defense agencies, US Coast Guard, and Intelligence Community
- **Acquisition Approach:** Competition for six or more BPAs (5 years)
- **Timeframe:** Award by Dec 2011 (tentatively)
- **Dollar Value:** \$113M
- **RFP:** Oct 2011
- **POC:** Maurice Griffin, 334-416-6099

Upcoming Acquisitions (HIJJ)

U.S. AIR FORCE

Project: HQ USAF/A7C (Civil Engineer) Requirement for an Enterprise License Agreement (ELA) for Geospatial products

- **Objective:** Establish ELA for Geospatial software, maintenance, and training
- **Scope:** ELA available to AF Civil Engineering installations
- **Acquisition Approach:** Brand-name ELA (5 years)
- **Timeframe:** Award by Apr 2012 (tentatively)
- **Dollar Value:** \$17.8M
- **RFP:** Jan 2012
- **POC:** Maurice Griffin, 334-416-6099

How Industry Can Help

U.S. AIR FORCE

- **ITCC contracts**
 - Vendors must have items available GSA schedules
 - TAA compliance
- **Discussion – As technology is being introduced into the desktop computer, laptop, PDA's, etc market, a lot of these items are not TAA compliant. Industry can help us by offering products that are TAA compliant.**
- **Keep us aware of any technology or product roadmap changes that could require additional funding in the future**
