

## William FM. Woodhouse

William “Bill” Woodhouse is the President and Chief Executive Officer of eSolution Architects, Inc., a dynamic, rapidly growing 8(a) certified, small disadvantaged, minority and veteran–owned business providing information technology consulting services to government and commercial clients.

eSolution Architects, Inc. is a privately held, minority– and veteran–owned Alabama company founded in 2005 and headquartered in Montgomery, Alabama. eSA is a U.S. Small Business Administration 8(a) Business Development Program company and certified as a Small Disadvantaged Business since January 2009.

eSA specializes in strategic management consulting, system architecture consulting, network security and infrastructure, and customized application development. eSA strives to deliver the products, services, and solutions to their clients across diverse business disciplines, accelerating the time to value of all technology investments. They also specialize in high-value services, focused primarily on server virtualization and consolidation, real time Air Force Network Operations (AFNETOPS), and IT product installation, management, and support.

Bill Woodhouse has over 20 years of relevant experience in Information Systems, executive management, business applications management and support in the Federal, State, and private sector consulting positions. Additionally, he has strong experience in a broad range of logistics and management information systems. An Oracle Certified Project Manager and Enterprise Solution Architect, Bill Woodhouse assessed and delivered enterprise technology solutions to State and Local Governments, and across the Department of Defense for the Air Force, Navy, and Army nationally.

Bill Woodhouse has a Bachelor in Business Administration degree from Texas Tech University and a Master of Science in Systems Management degree from the University of Southern California.
