DSD Laboratories, Inc. is a small under \$25M privately-owned SEI CMMI Level 3 Service Appraised business headquartered in Sudbury, MA, with 120 employees. We have offices in the DC Metro area, Fairborn, OH; Concord MA; Bridgeport WV; Montgomery, AL; and several other locations. DSD has over 30 year's experience supporting the Maxwell AFB-Gunter Annex Information Technology requirements. Our name is synonymous with quality to government organizations that we support. Other customers include the US Air Force Research Laboratory, Secretary of the Air Force Procurement, Rome Developmental Laboratory as well as US Army, Departments of Treasury, Homeland Security, Agriculture and FBI. We also support numerous commercial clients located throughout the country. DSDs Enterprise Operations Division, Montgomery AL was established in 2002 with the mission of meeting Air Force and DoD System Engineering, Programmatic, Integration, Data Management, Information Assurance, Application System Development and System Operations and Sustainment needs.
