

**Peerless  
Technologies  
Corporation**

**Lynn Moad**

Recently retired from Federal Civil Service with the United States Air Force, Mrs. Lynn B. Moad joined Peerless Technologies in July 2012 as a Senior Partner.

### **Biography**

Before retirement, Mrs. Lynn B. Moad served as the Systems Integration Division Chief for HQ

AFMC/A4, Wright-Patterson Air Force Base, Ohio. This division provided HQ AFMC/A4 with enterprise management of the logistics information technology systems portfolio and facilitates transition from the legacy system environment to the Expeditionary Combat Support System.

Mrs. Moad entered the civilian work force in 1975, first as a Clerk-Stenographer and then as an Audit Accounting Aide with the Internal Revenue Service in Dayton, Ohio. She transferred to the Air Force (Wright-Patterson AFB) in 1979 and was accepted into a training position in the communications-computer systems field for the Air Force Logistics Command. Mrs. Moad was successfully promoted from a computer programmer to a systems analyst before transitioning into the business management area where she acquired acquisition experience as the business manager for the Automated Technical Order System. Mrs. Moad successively assumed responsibility within the Logistics Management Systems Center as the Director for Contracting and Business Management, and Chief of the Financial and Human

Resources Management Office. Within the Development and Fielding Systems Group, Mrs. Moad has served as the Deputy Director for Program Control and Director of Business Management and Corporate Planning. From March 1998 to March 1999, Mrs. Moad served as the Acting Director for the Development and Fielding Systems Group. From 1999 to February 2006, Mrs. Moad served as the Deputy Director of the Development & Fielding Systems Group, Operations and Sustainment Systems Wing, Electronic Systems Center (ESC), Wright-Patterson Air Force Base, Ohio.

Mrs. Moad and her husband, Elvin, are the parents of two sons: Stephen and Daniel.

## About Peerless

Peerless Technologies Corporation (Peerless) is a nationally recognized, award-winning, and reputable 8(a) Small Business serving federal government clients at multiple locations nationwide. Based in Fairborn, Ohio adjacent to Wright-Patterson Air Force Base, Peerless provides quality services backed by our ISO 9001:2008 certified Quality Management System and Capability Maturity Model Integrated (CMMI) Level 2 assessed software and systems engineering processes designed to give you performance confidence in Peerless.

Peerless offers a complete process and functional infrastructure that includes a DCAA-audited accounting system; a contracts/subcontracts staff; unmatched recruiting, staffing, and human resource management; and a Facility Security Officer (FSO). Boasting a high employee retention and satisfaction rate, Peerless is a multi-year winner of the Dayton Business Journal's *Best Places to Work Award*, and was recently named one of the *Dayton Metro Area's Top Workplaces for 2012* by the Dayton Daily News. Our state-of-the-art, cleared business facility, including 1,500 square feet of Secure Compartmentalized Information Facility (SCIF)-ready space, is available to our customers for meetings, teleconferences, and mission support. We also have available facilities and infrastructure to accommodate immediate project expansion

within 48 hours for new project personnel.

As an 8(a) Small Business, we can help you acquire contracted services from Peerless quickly and directly through a directed 8(a) award. We are glad to provide a written or oral capabilities presentation today to show you how we can support your requirements.

Peerless holds the following prime contracts:

GSA IT (Schedule 70)

GSA FABS (Schedule 520)

GSA PES (Schedule 871)

GSA 8(a) STARS II

GSA MOBIS (Schedule 874)

USAF 711th HPW

SeaPort Enhanced (SeaPort-e)

Numerous other 8(a) contracts

With over five years left in the 8(a) program, Peerless offers proven infrastructure, experience, and know-how to execute and staff your support requirements quickly and to provide responsive quality solutions.
