DRC is a leading provider of mission-critical technology management services and solutions for government programs. DRC's position as a growing government services company allows us to bring to bear the personnel, technology resources and industry standard practices of a large company with the responsiveness of a small company. Rather than force a pre-packaged solution, we listen to our customers, and develop a tailored solution based on proven industry practices and lessons learned in hundreds of successful engagements. DRC offers forward-thinking solutions backed by a history of excellence and customer satisfaction.
