

AFLCMC/HI VENDOR DAY

U.S. AIR FORCE

Operations Division

**Colonel Kjäll Gopaul
Division Chief
AFLCMC/HIZ
334-416-4461**

May 2014

Integrity - Service - Excellence

Overview

U.S. AIR FORCE

- **Mission**
- **Organization**
- **Capabilities**
- **Industry Opportunity**
- **Summary**

Integrity - Service - Excellence

U.S. AIR FORCE

Mission

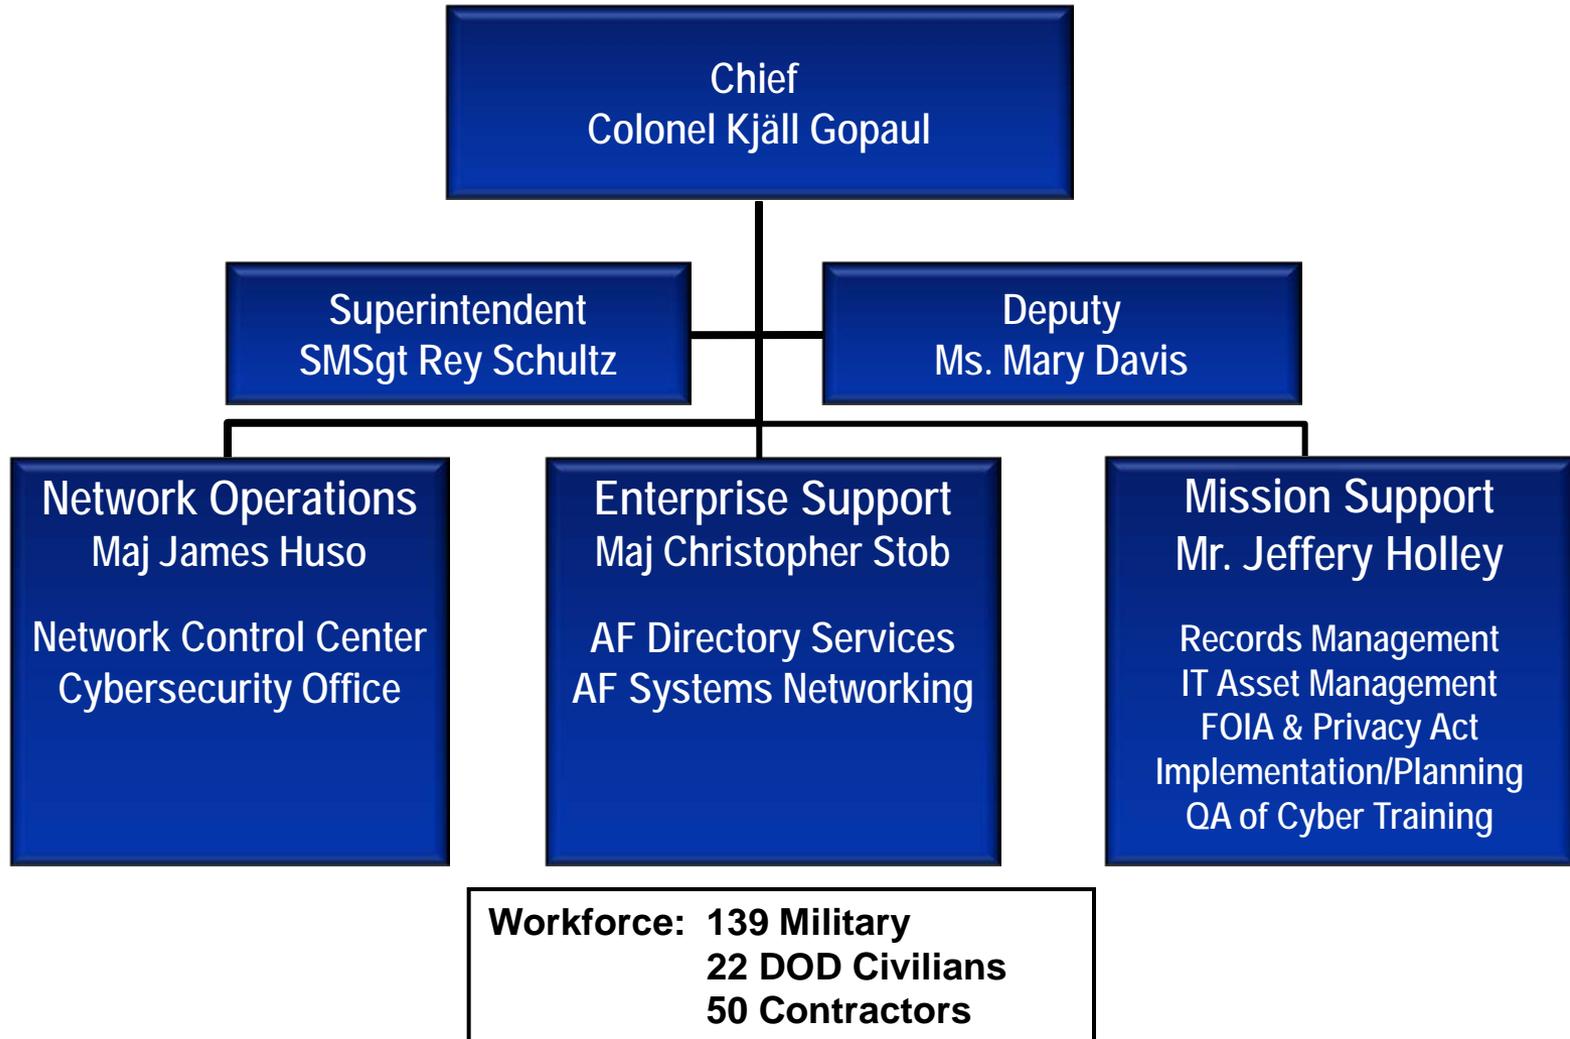

- **Provide cyber support to Air Force users to empower the acquisition, operation, sustainment, and security of warfighter systems.**

Integrity - Service - Excellence

U.S. AIR FORCE

Organization

Integrity - Service - Excellence

Capabilities

U.S. AIR FORCE

Base Comm Sqdn-level Support

Customers

- AFLCMC Gunter Campus
- BES
- C3I&N
- 690 NSS
- 26 NOS

Mission Tasks

- Provide network and cyber-security support to 1,600 users
- Provide knowledge operations, cyber training quality control, IT plans & programs, and equipment control

Air Force-level Support

Customers

- AFSPC
- C3I&N

Mission Tasks

- Provide email global address list synchronization to AF and DOD
- Provide identity management services to AF and DOD
- Provide AFNet router and circuit engineering and installation support

Integrity - Service - Excellence

Air Force Systems Networking

U.S. AIR FORCE

- **Current contract**
 - **Value: \$7M**
 - **POP: Jan 2012 – Jan 2015**
 - **Type: 8a/FFP**
 - **Prime: eSolution Architects**

- **Future opportunity**
 - **Value: Less than \$20M**
 - **POP: Jan 2015 – Jan 2020**
 - **Type: 8a/FFP**

U.S. AIR FORCE

- **Industry Opportunity**

U.S. AIR FORCE

Air Force Systems Networking (AFSN) Overview

- **Global Infrastructure** – Supports Wide Area Networking ground infrastructure
- **Global Connectivity** – Provide WAN provisioning services
- **Moving Forward** – Facilitate development of the AF Network
- **Team Concept** – 24 AF Community Support

Description

- Install, upgrade, support core network infrastructure
- Perform engineering analysis of proposed core network router changes and circuit upgrades
- Execution of Long-haul Wide Area Network (WAN) NIPRNET and SIPRNET circuits
- Enterprise Management of Air Force Internet Protocol (IP) address space
- Cradle to grave cyber IT project management support
- Analysis of alternatives, engineering studies, installation/ implementation, network optimization, risk mitigation, IT lifecycle management support

Project

- **Objective:** Provide Technical, IT Project Management, IP Address Management, Circuit Actions and Data Base Management Support for AFSN
- **Scope:** Base Year plus four one year options
- **Acquisition Approach:** 8a Competition
- **Timeframe:** Target award date is 1 Nov 14
- **Dollar Value:** <\$20M

RFP and POCs

- **RFP:** 4Q FY14
- **POCs**
 - **Program Manager:** Brian Jabes
 - **Contracting Officer:** Avery Brown
 - **Technical Lead:** George Jones
