The **Smart** Guide

Upcoming
Acquisitions

May 2016

ACQUIRE * OPERATE * SUSTAIN * ENABLE

The **Smart** **GUIDE**

OBJECTIVE

Enhance communications
between members of Industry
and the Business and Enterprise
Systems (BES) Directorate

DISCLAIMER:

The following opportunities are speculative and the appearance of this information in this document or website in no way guarantees a contract action will be awarded

The **Smart** **GUIDE**

An outline of acquisition information for upcoming business opportunities in each Division for the next 18 months

5	<u>Enterprise Logistics Systems Division</u> (HIA)
11	<u>Business Systems Division</u> (HIB)
22	<u>Enterprise Services Division</u> (HIC)
24	<u>Human Resources Systems Division</u> (HIP)

Project Name: Integrated Maintenance Data System Central Database (IMDS CDB), Maintenance Scheduling Application Tool (MSAT) Software Upgrade Program (SUP)

Program Description: IMDS CDB is the Enterprise Combat Air Forces Field Maintenance System. MSAT is a base level program that schedulers at all levels use to ensure the fleet is safe to fly and that resources are available to meet assigned missions.

Objective: The Government is acquiring a new module for IMDS CDB which incorporates the functionality of the existing Maintenance Scheduling Application Tool (MSAT) using the DISA Mid-Tier hardware and adds user-requested MSAT enhancements.

Scope: Designing, developing, testing, and deploying sustainable/maintainable software to incorporate scheduling functions into IMDS CDB. This includes responsibility for transitioning to the Sustainment Team with all documentation and training required as well as all tasks necessary to stand up a mid-tier server in DISA.

Acquisition Approach: NETCENTS-2 App Service Small Business

Period of Performance: August 2016 – August 2018 (24 month base period)

Anticipated RFP Release Date: 3Q FY16

Estimated Dollar Value: \$2M – \$6M

NAICS Code: 541511 – Custom Computer Programming Services

Small Business Set Aside: Yes

Incumbent: N/A

POCs: Program Manager – Capt William E. Griffin

william.griffin.13@us.af.mil

334-416-3093; DSN: 596-3093

Contracting Officer – Ms. Shaneka Brown

shaneka.brown@us.af.mil

334-416-4600; DSN: 596-4600

Project Name: AFLCMC/HIAR and HIAM Subject Matter Expert (SME) Support

Program Description: Provide AFLCMC/HIAR and HIAM Program Management Offices (PMOs) with Contractor personnel that have functional and technical expertise to support seventeen (17) programs.

Objective: To provide SME support for the AFLCMC/HIAR and HIAM PMOs for the following 17 programs: Contractor Supported Weapon System Data Exchange (CSWS DE); Maintenance Planning and Execution (MP&E); Item Management Control System (IMCS); Requirements Management System (RMS); Logistics Management Data Bank (LMDB); Purchase Request Process System (PRPS); Reliability and Maintainability Information System (REMIS); Weapon System Management Information System (WSMIS); Air Force Equipment Management System (AFEMS); Stock Control System (SCS); Includes Financial Inventory and Accounting Billing System (FIABS); Depot Maintenance Systems Integration (DMSI); Depot Maintenance Legacy Systems (DMLS); Automated Technical Order System (ATOS); Enhanced Technical Information Management System (ETIMS); Technical Manual Specifications & Standards (TMSS); and, Commercial Asset Visibility Air Force (CAV AF).

Scope: Provide functional subject matter expertise support to include, but not limited to system sustainment support, operational support, requirement evaluation, customer (Help-Desk) support, functional testing, and analysis/re-engineering of functional processes.

Acquisition Approach: NETCENTS-2 App Service Small Business

Period of Performance: April 2017 – March 2020 (One year base period plus two 1 year option periods)

Anticipated RFP Release Date: 1Q FY17

Estimated Dollar Value: \$40M – \$45M

NAICS Code: 541511 – Custom Computer Programming Services

Small Business Set Aside: Yes

Incumbent: Excellus Solutions, LLC, FA8771-12-D-1006/SC03

POCs: Program Manager – Mr. Craig C. Smith
craig.smith.3@us.af.mil
937-656-0517; DSN: 312-986-0517

Contracting Officer – Mr. Richard G. Osterland
richard.osterland@us.af.mil
937-904-2075; DSN: 312-674-2075

Project Name: Reliability and Maintainability Information System (REMIS)
Sustainment and Development Support

Program Description: The REMIS sustainment and development effort includes REMIS sustainment, operational system management, functionality upgrades, development projects, system-to-system interoperability, data porting and management, system subsumption and Chief Financial Officer / Financial Improvement and Audit Readiness (FIAR) development.

Objective: The REMIS sustainment and development effort includes all activities associated with planning, controlling, documenting, maintaining, and operating REMIS.

Scope: Perform all technical and operational support for REMIS which will require expertise in large-scale systems engineering, development, integration, and operational processes.

Acquisition Approach: Competitive (Market Research On-going)

Period of Performance: August 2018 – July 2023 (One year base period plus four 1 year option periods)

Anticipated RFP Release Date: 4Q FY17

Estimated Dollar Value: \$55M – \$65M

NAICS Code: 541511 – Custom Computer Programming Services

Small Business Set Aside: Pending Market Research

Incumbent: Northrop Grumman Information Systems, FA8732-14-D-0028/SC01

POCs: Program Manager – Mr. Joseph Lask
joseph.lask.1@us.af.mil
937-257-3987; DSN: 787-3987

Contracting Officer – Ms. Linda Cumberworth
linda.cumberworth@us.af.mil
937-904-1043; DSN: 674-1043

Project Name: Depot Maintenance Consolidation II Contract (DMSI and DMLS Sustainment)

Program Description: This effort is to provide support for software maintenance, sustainment, surveillance of four components of Depot Maintenance Systems Integration (DMSI), four Depot Maintenance Legacy Systems (DMLS) systems, and one tool currently sustained at the Air Logistics Centers, Aerospace Maintenance and Regeneration Group at Wright Patterson AFB OH.

Objective: Goal is to consolidate two separate stand-alone service contracts under one competitive Small Business (8a) Set Aside Contract for sustainment support.

Scope: Provide support for the software maintenance, sustainment, and surveillance of the DMSI components, DMLS systems and Information System Management Tool currently sustained at the Air Logistics Centers, Aerospace Maintenance and Regeneration Group and Wright Patterson AFB, OH.

Acquisition Approach: 8(a) Competitive

Period of Performance: June 2017 – May 2022 (One year base period plus four 1 year option periods)

Anticipated RFP Release Date: 1Q FY17

Estimated Dollar Value: \$16M - \$20M

NAICS Code: 541511 – Custom Computer Programming Services

Small Business Set Aside: Yes

Incumbent: Northrop Grumman Information Systems FA8770-12-C-0001

POCs: Program Manager – Mr. Randy Smiley
randy.smiley@us.af.mil
937-656-2819; DSN: 986-2819

Contracting Officer – Mr. Brendan Flannery
brendan.flannery@us.af.mil
937-257-2182; DSN: 787-2182

Project Name: Integrated Logistics System – Supply (ILS-S) – Sustainment

Program Description: ILS-S is a collection of retail supply capabilities working together to provide an enterprise-level view to Air Force retail supply customers, to manage materiel and supplies located in warehouses, in-transit, in maintenance repair, in the custody of users and in garrison and deployed locations.

Objective: Provides development and sustainment support for ILS-S. Development and sustainment support will be off-site (at contractor facility). Task management activities will be located on-site at Maxwell AFB-Gunter Annex, AL.

Scope: Provide application services (sustainment and development) to support the Integrated Logistics Systems-Supply (ILS-S) Program Office in the 1) development, testing, and fielding of approved USAF requirements 2) the sustainment of the ILS-S Enterprise Solutions-Supply (ES-S) application and 3) the sustainment of the ILS-S Standard Base Supply System (SBSS) Java / Oracle-based application.

Acquisition Approach: NETCENTS-2 App Service Small Business

Period of Performance: May 2017 – May 2021 (One year base period plus three 1 year option periods)

Anticipated RFP Release Date: 4Q FY16

Estimated Dollar Value: \$8M – \$12M

NAICS Code: 541511 – Custom Computer Programming Services

Small Business Set Aside: Yes

Incumbent: Array Information Technology, Inc., FA8771-12-D-1011

POCs: Program Manager – Mr. Tommie Ellis

tommie.ellis@us.af.mil

334-416-5727; DSN: 596-5727

Contracting Officer – Mr. Richard Ashley

richard.ashley.1@us.af.mil

334-416-4198; DSN: 596-4198

Project Name: Item Management Control System (IMCS)

Program Description: IMCS is the Air Force's official authoritative source for item management. IMCS implements the policy and procedures for cataloging, standardization, and provisioning of nearly 2 million items of supply that are used and/or managed by the Air Force.

Objective: IMCS sustainment and maintenance contract will include all activities associated with planning, controlling, documenting, maintaining, and operating IMCS; including the operation, modification of IMCS Data Systems.

Scope: Requires technical and operational support for IMCS sustainment which requires: support by providing coding, testing, and analysis of application software to maintain the functionality of the system and other technical services to ensure the system remains operational.

Acquisition Approach: 8(a) Sole Source Direct Award

Period of Performance: January 2017 – December 2019 (One year base period plus two 1 year option periods)

Anticipated RFP Release Date: 4Q FY16

Estimated Dollar Value: \$3M – \$4M

NAICS Code: 541511 – Custom Computer Programming Services

Small Business Set Aside: Yes

Incumbent: Ventech Solutions, Inc., FA8770-14-C-0004

POCs: Program Manager – Ms. Regina Foster
regina.foster@us.af.mil
937-904-3965; DSN: 674-3965

Contracting Officer – Mr. Jeffrey Conroy
jeffrey.conroy@us.af.mil
937-904-0181; DSN: 674-0181

HIB

2016

**BUSINESS SYSTEMS
DIVISION**

Upcoming Acquisitions

Project Name: Air Force Medical Omnibus Web Application Pool (AFMOWAP)

Program Description: AFMOWAP maintains several medical functional applications designed to manage and track flight waivers, flight physicals, refractive surgery approvals, medical radioactive materials, and medical program budget planning.

Objective: The maintenance and sustainment of the AFMOWAP suite of applications.

Scope: Tiers 1 – 3 help desk functions; database maintenance; systems analysis and design; programming; development of reports; training and technical manuals; functional requirements development; functional and technical testing; field assistance; configuration management; network connectivity issues; and computer operations support.

Acquisition Approach: 8(a) Competitive

Period of Performance: March 2017 – March 2022 (One year base period plus four 1 year option periods)

Anticipated RFP Release Date: 3Q FY16

Estimated Dollar Value: \$5M – \$8M

NAICS Code: 541511 – Custom Computer Programming Services

Small Business Set Aside: Yes

Incumbent: Enterprise Resources Planning International, LLC, FA8771-14-C-0004

POCs: Program Manager – Mr. Teofilo Benavidez
teofilo.benavidez@us.af.mil
334-416-2621; DSN: 596-2621

Contracting Officer – Ms. Maria Jones
maria.jones@us.af.mil
334-416-2653; DSN: 596-2653

Project Name: Air Force Records Information Management System (AFRIMS)

Program Description: AFRIMS provides the authoritative source for the management and control of data and information. The Records Disposition Schedule (RDS) and file plans maintained within AFRIMS standardize Air Force records management ensures legal compliance and enables data integrity on the Global Information Grid (GIG). Moreover, AFRIMS facilitates enterprise records searches, staff assistance visits, and records staging.

Objective: AFRIMS maintenance and sustainment.

Scope: Sustainment and support services to facilitate AFRIMS. Includes system sustainment, configuration management, cybersecurity, help desk, Program Management, Federal Data Center Consolidation Initiative (FDCCI) and statutory compliances.

Acquisition Approach: NETCENTS-2 App Service Small Business

Period of Performance: February 2017 – February 2022 (One year base period plus four 1 year option periods)

Anticipated RFP Release Date: 4Q FY16

Estimated Dollar Value: \$5M – \$7M

NAICS Code: 541519 – Custom Computer Programming Services

Small Business Set Aside: Yes

Incumbent: IndraSoft Inc., FA8771-12-D-1008 SC04

POCs: Program Manager – Mr. William Grasso
william.grasso.1@us.af.mil
937-257-9572; DSN: 787-9572

Contracting Officer – Mr. James Connell
james.connell@us.af.mil
937-904-0205; DSN: 674-0205

Project Name: Acquisition App Store (AAS)

Program Description: AAS enables program managers to perform standardized day-to-day lifecycle management of acquisition programs with reporting as a by-product for well-informed decisions from OSD and Air Force senior leadership.

Objective: Provide sustainment, maintenance, and modifications to AAS.

Scope: Continue the status reporting initiative that granted access to key program parameters. The current effort is being developed using the incremental development paradigm, generating requirements that are satisfied in rapidly developed tool releases. Two major versions are generally planned for release per year, broken down into 1-2 agile production releases per month due to new/updated staff policy, technical insertion, system infrastructure and/or security compatibility, or high risk deficiencies. These versions are being developed using Microsoft SharePoint 2010, Microsoft “.NET” C#, Team Foundation Server, SQL Server Business Intelligence Tools, Nintex workflow, Public Key Infrastructure and Security Token Service authentication/authorization, SQL Server, AJAX, and web services. Familiarity with these capabilities and how they can be applied to a Service Oriented Architecture (SOA) environment hosted on the DISA Defense Enterprise Portal Service (DEPS) and MilCloud Platform as a Service (PaaS) is a firm requirement.

Acquisition Approach: TBD

Period of Performance: TBD

Anticipated RFP Release Date: 4Q FY16

Estimated Dollar Value: \$42M

NAICS Code: 541511 – Custom Computer Programming Services

Small Business Set Aside: Yes

Incumbent: Council for Logistics Research, Inc., GS-06F-0525Z

POC: Program Manager – Mr. Matt Corcoran
matthew.corcoran.1@us.af.mil
937-656-2555; DSN: 674-0010

Contracting Officer – Ms. Shonda Allen
shonda.allen@us.af.mil
937-257-7603; DSN: 787-7603

Project Name: Automated Project Order (APO)

Program Description: APO System, also referred to as JO25A, electronically processes AFMC Project Orders (AFMC Form 181s) for the Air Logistics Complexes (ALCs). APO automates confirmation and approval that Air Force Working Capital Funds (AFWCF) are available and sufficient to conduct repairs on aircraft, missiles, and related support equipment for organic AFMC depot maintenance.

Objective: Maintenance/Sustainment of APO

Scope: Provide Tiers 2–3 Help Desk Functions to also include system operation, maintenance, sustainment, testing, configuration management, documentation, error correction, and user support for APO.

Acquisition Approach: 8(a) Sole Source Direct Award

Period of Performance: August 2017 – August 2022 (One year base period plus four 1 year option periods)

Anticipated RFP Release Date: 1Q FY17

Estimated Dollar Value: \$2M – \$4M

NAICS Code: 541519 – Other Computer Related Services

Small Business Set Aside: Yes

Incumbent: Ventech Solutions Inc., FA8770-14-C-0506

POCs: Program Manager – Ms. Kim S. Carroll
kim.carroll@us.af.mil
937-656-3062; DSN: 986-3062

Contracting Officer – Mr. James Connell
james.connell@us.af.mil
937-904-0205; DSN: 674-0205

Project Name: Base Support & Expeditionary Planning Tool (BaS&E) – PMO Support

Program Description: BaS&E is a National Security System with both an unclassified and classified application that provides Joint Command and Air Force Combatant Commanders global visibility of resources at potential forward operating locations for campaign planning and course of action analysis/selection for worldwide locations. BaS&E resides on GCSS-AF.

Objective: BaS&E Program Management Office (PMO) Support.

Scope: The purpose of this effort is to provide additional sustainment support to the BaS&E PMO at Maxwell AFB-Gunter Annex, AL. Specifically, the program management office requires support in the areas of Data Configuration Management, Test Engineering, Quality Assurance, Data Base Management, Systems Engineering, Business Subject Matter Expertise, and User Systems Training.

Acquisition Approach: 8(a) Sole Source Direct Award

Period of Performance: September 2016 – August 2019 (One year base plus two 1 year option periods)

Anticipated RFP Release Date: 3Q FY16

Estimated Dollar Value: \$3M – \$4M

NAICS Code: 541511 – Custom Computer Programming Services

Small Business Set Aside: Yes

Incumbent: 22nd Century Technologies, Inc., FA8771-13-C-0033

POCs: Program Manager – Charles R. Anderson, II
charles.anderson.32@us.af.mil
334-416-5775; DSN 596-5775

Contracting Officer – Cynthia Dodd
cynthia.dodd.1@us.af.mil
334-416-4193; DSN 596-4193

Project Name: Core Financial Systems Support

Program Description: Core Financial Systems: General Accounting and Finance System (GAFS) Suite of Applications, Integrated Accounts Payable System (IAPS), and Standard Materiel Accounting System (SMAS) Provides financial services for Defense Finance and Accounting Service (DFAS)

Objective: Sustainment Support for GAFS, IAPS, SMAS.

Scope: The scope of this Task Order (TO)/Performance Work Statement (PWS) is to obtain contract support to perform software life cycle support services for software development ranging from development of code through release of software to the fielding of the capability. This work includes software development, help desk, functional analyses, documentation, and assessment of the existing capabilities for maintaining DFAS, Air Force and Department of Defense financial systems.

Acquisition Approach: NETCENTS-2 App Service Small Business

Period of Performance: February 2017 – February 2022 (One year base period plus four 1 year option periods)

Anticipated RFP Release Date: 4Q FY16

Estimated Dollar Value: \$15.9M

NAICS Code: 541511 – Custom Computer Programming Services

Small Business Set Aside: Yes

Incumbent: Indrasoft, FA8771-12-D-0008

POCs: Program Manager – Frederick Hoff
frederick.hoff@us.af.mil
334-416-2681; DSN 596-2681

Contracting Officer – Maria Jones
maria.jones@us.af.mil
334-416-2653; DSN 596-2653

Project Name: Enterprise Environmental Safety and Occupational Health Management Information System (EESOH-MIS)

Program Description: EESOH-MIS is a joint comprehensive, automated information system for assembling, comparing, using, evaluating, and storing environmental and civil engineering information, engineering control, hazardous material inventory and usage data, regulatory compliance and work practice procedures, hazardous waste tracking, pollution prevention, and restoration and cleanup.

Objective: Sustainment support services of the EESOH-MIS Application.

Scope: The scope is to provide sustainment services. Services include helpdesk level I support, application sustainment support (helpdesk level II and III, operational and compliance changes, documentation, and releases), baseline change requests for enhancing current capabilities and compliance and determining gap analysis for future capabilities, agency migration, and environmental data stewarding.

Acquisition Approach: NETCENTS-2 App Service Small Business

Period of Performance: September 2016 – April 2020 (One year base period plus three 1 year option periods)

Anticipated RFP Release Date: 3Q FY16

Estimated Dollar Value: \$45M – \$50M

NAICS Code: 541512 – Computer Systems Design Services

Small Business Set Aside: Yes

Incumbent: CACI Incorporated Federal GS00Q09BGD0020 / GST0411DB0151 / 4QDA57110070, GSA Alliant

POCs: Program Manager – Roger Zinke
roger.zinke@us.af.mil
334-416-3165; DSN 596-3165

Contracting Officer – Richard Ashley
richard.ashley.1@us.af.mil
334-416-4198; DSN 596-4198

Project Name: Global Force Management – Data Initiative (GFM-DI) Air Force Organizational Server (AFOS) Increment 2 Development & Sustainment

Program Description: The GFM-DI is a Joint Staff and OSD initiative to standardize force structure data representation, making it visible, accessible, and understandable across the DoD. The AFOS consumes data from various Air Force Authoritative Data Sources, validates it, formats it in a consistent force structure data standard, and publishes it for consumption by programs of record that use force structure data for war and contingency planning, by providing visibility of the entire force structure as a function of time: past, present and future.

Objective: To migrate the AFOS from the GCSS-AF environment to a different, yet to be determined, environment and provide system capability to meet unsatisfied Capability Development Document requirements.

Scope: The effort is expected to drive a redevelopment of the AFOS application and database layers, replace current Trusted Access Manager (TAM) authentication layer with a new solution, migrate the interface servicing from the Enterprise Service Bus to a web services style solution, and add several new capabilities to the system.

Acquisition Approach: 8(a) Competitive

Period of Performance: March 2017 – March 2022 (One year base period plus four 1 year option periods)

Anticipated RFP Release Date: 1Q FY17

Estimated Dollar Value: \$7.5M – \$9.5M

NAICS Code: 541511 – Custom Computer Programming Services

Small Business Set Aside: Yes

Incumbent: N/A

POCs: Program Manager – Mr. Rob Morgan
wayne.morgan@us.af.mil
334-416-2977; DSN: 596-2977

Contracting Officer – Mr. Avery L. Brown
avery.brown@us.af.mil
334-416-5633; DSN: 596-5633

Project Name: Medical Readiness Decision Support System (MRDSS)

Program Description: MRDSS is a medical functional application that provides the Air Force Surgeon General and MAJCOM leaders the ability to manage and track individual medical readiness training requirements, unit manning requirements, and War Reserve material readiness.

Objective: The maintenance and sustainment of the MRDSS system.

Scope: Tiers 1 – 3 Help Desk; system analysis and design, functional requirements development; software maintenance, development, modification, programming; development of reports; customer assistance/support, customer training, testing, documentation development, configuration management, system and database administrative, and software release support.

Acquisition Approach: 8(a) Competitive

Period of Performance: February 2017 – February 2022 (One year base period plus four 1 year option periods)

Anticipated RFP Release Date: 4Q FY16

Estimated Dollar Value: \$12M – \$20M

NAICS Code: 541511 – Custom Computer Programming Services

Small Business Set Aside: Yes

Incumbent: Enterprise Resource Planning International, LLC, FA8771-14-C-0003
Certified Technical Experts, Inc., FA8771-13-C-0002

POCs: Program Manager – Mr. Keith Engholm
keith.engholm@us.af.mil
334-416-2617; DSN: 596-2617

Contracting Officer – Ms. Maria Jones
maria.jones@us.af.mil
334-416-2653; DSN: 596-2653

Project Name: NexGen IT

Program Description: NexGen IT is an IT-hosted capability that enables future Civil Engineer IT capabilities. This product is comprised of a NexGen IT application consisting of integrated modules with embedded / configurable best business practices and capabilities in Real Estate, Energy, Computerized Maintenance Management System (CMMS), Project Management, and Space Management. Real Estate Management is the process of managing space and transactions at an installation and consists of four sub-processes: Manage Transactions, Manage Space Occupancy, Manage Contracts, Conduct Move Planning and Management. This function is a key driver in the execution of plans from Project Management, as well as a provider of feedback into the development of future plans.

Objective: Development of new functionality / interfaces and sustainment support services of the NexGen IT application.

Scope: The scope is to provide development and sustainment services. Development requirements are still TBD. Sustainment services will include baseline change requests for enhancing current capabilities, compliance activities (CFO, RPIM, Blue Book, FISCAM), determining gap analysis for future capabilities and Help Desk Level II and III support. TRIRIGA expertise is required.

Acquisition Approach: TBD

Period of Performance: August 2017 – August 2022 (One year base period plus four 1 year option periods)

Anticipated RFP Release Date: 3Q FY17

Estimated Dollar Value: \$60M – \$75M

NAICS Code: 541511 – Custom Computer Programming Services

Small Business Set Aside: Yes

Incumbent: CACI, Inc. – Federal, GS00Q09BGD0020, Alliant GWAC

POCs: Program Manager – Mr. Kevin Lee
kevin.lee.18@us.af.mil
334-416-6177; DSN: 596-6177

Contracting Officer – Mr. Avery Brown
avery.brown@us.af.mil
334-416-5633; DSN: 596-5633

Project Name: Theater Medical Information Program – Air Force (TMIP-AF)

Program Description: TMIP-AF is the AF portion of the DoD Joint suite of software solutions providing complete medical care documentation, medical supply and equipment tracking, patient movement visibility and Command and Control of health surveillance in-Theater environments.

Objective: Test TMIP-Joint program solutions for AF capability, implement solutions and AF users.

Scope: Tier 1-3 Help Desk; software verification and validation; system administration; system integration; configuration management; software deployments to the MAJCOMs; on-site and TDY customer training on TMIP-AF system administration and interaction with other medical information management systems; additional follow-on customer support.

Acquisition Approach: NETCENTS-2 App Service Small Business

Period of Performance: September 2018 – September 2023 (One year base period plus four 1 year option periods)

Anticipated RFP Release Date: 2Q FY18

Estimated Dollar Value: \$7M – \$10M

NAICS Code: 541511 – Custom Computer Programming Services

Small Business Set Aside: Yes

Incumbent: Excellus Solutions, LLC; FA8771-12-D-1006-0002

POCs: Program Manager – Ms. Dolores Osborne-Hensley
dolores.osborne-hensley@us.af.mil
334-416-6147; DSN: 596-6147

Contracting Officer – Ms. Maria Jones
maria.jones@us.af.mil
334-416-2653; DSN: 596-2653

Project Name: Air Force Way (AFWay)

Program Description: AFWay is the Air Force's web-based e-Commerce solution for procuring commercial IT products and services. The application offers customers a seamless process for requirements approval, purchase and asset tracking. AFWay provides senior leadership insight into IT spend across the enterprise, thereby fostering informed IT investment planning and budgeting.

Objective: AFWay ensures mission capability through the use of strategic spending analysis, IT sales tracking, and vendor's statistics reporting.

Scope: Support to research, design, develop and modify, at a minimum, HTML 5, JavaScript, AJAX, C#, ASP.NET, MS SQL Server, MS SQL Server Reporting Services, IIS and .NET framework for the AFWay system. Analyze, design and develop the software system from use cases, supplemental specifications and Government-provided requirements documentation. Conduct code and architecture analysis in order to identify and correct security deficiencies as well as to configure and implement additional functionality. Provide technical expertise in web application architecture, systems and lower level design, performance engineering, cyber security and compliance with federal statutory requirements, such as Section 508 compliance. Create and update life-cycle documentation to include design artifacts and other technical system documentation. Provide operational knowledge of hosting web applications, report services, and databases on Windows Servers.

Acquisition Approach: NETCENTS-2 App Service Small Business

Period of Performance: September 2016 – September 2020 (One year base period plus three 1 year option periods)

Anticipated RFP Release Date: 3Q FY16

Estimated Dollar Value: \$1.59M

NAICS Code: 541511 – Custom Computer Programming Services

Small Business Set Aside: Yes

Incumbent: Datum Software, Inc., FA8771-12D-1001-0003

POCs: Program Manager – Mr. Dennis Notareschi
dennis.notareschi.1@us.af.mil

yakemi.mckinnis.1@us.af.mil
334-416-3218; DSN: 596-3218

Project Name: AF-Wide (AFW) Oracle Enterprise Software License Agreement (ESLA)

Program Description: Provide unlimited licenses for a set of core products, a BPA for other, non-core products, other separate Oracle contracts to include the AFW ELA, and integrated support services across all Oracle products. This support includes, but is not limited to security update support, bug / defect fixes via patches and updates / upgrades in function and technology to maintain the operability and usability of the software product. Also provides service management, priority problem resolution, dedicated engineering support, and preferred access to technical resources.

Objective: To meet emerging Air Force requirements and the continuing need to support the 745,768 Oracle named-user licenses used by the Air Force, Command Wide A4, and Air Force Materiel Command (AFMC).

Scope: Provides additional core product licenses and continuing upkeep for the 745,768 Oracle named-user licenses providing Oracle Premier Support and Priority Services covering the end user AF, Command Wide A4, and AFMC for access to Oracle Enterprise DBMS, Oracle DBMS Advanced Security Option, and Oracle Internet Application Server and other Oracle software such as Forms / Reports and Discoverer.

Acquisition Approach: Sole Source to DLT Solutions Inc, DoD ESI Reseller

Period of Performance: August 2016 – July 2021 (One-year base period plus four 1 year option periods)

Anticipated RFP Release Date: 3Q FY16

Estimated Dollar Value: \$350M

NAICS Code: 423430 – Computer Peripheral Equipment and Software Merchant Wholesalers

Small Business Set Aside: No

Incumbent: DLT Solutions Inc., W91QUZ-06-A-0002

POCs: Program Manager – Mr. Ray Perry

Upcoming Acquisitions

Project Name: Air Force Integrated Personnel and Pay System (AFIPPS)

Program Description: AFIPPS will be a web-enabled Enterprise Resource Planning (ERP) software solution that integrates multiple existing Air Force personnel and pay processes into a single, self-service system for the Air Force military components (Active Duty, Air National Guard, and AF Reserve).

Objective: Leverage the existing Military Personnel Data System (MilPDS) and Oracle E-Business Suite (EBS) to establish an integrated system that satisfies Air Force pay requirements and replace existing pay systems.

Scope: The contractor shall configure the appropriate Oracle EBS application modules to satisfy Air Force business processes and integrate the product with the established MilPDS which is based on Oracle's EBS Human Capital Management application. This effort includes support through test and deployment.

Acquisition Approach: TBD

Period of Performance: TBD

Anticipated RFP Release Date: 2Q FY17

Estimated Dollar Value: \$50M

NAICS Code: 541511 – Custom Computer Programming Services

Small Business Set Aside: TBD

Incumbent: N/A

POCs: Program Manager – Mr. David Desforges

Contracting Officer – Mr. Mark DeLaRosa
mark.delarosa@us.af.mil
210-565-4328; DSN: 665-4328

Project Name: Air Force Oracle E-Business Suite (EBS) Training

Program Description: The Air Force requires a better understanding at various organizational levels into the Oracle EBS functionality (R12 version) to better utilize the product capabilities currently and in the future. This insight will benefit current MilPDS users and future Air Force Integrated Personnel and Pay System (AFIPPS) users.

Objective: Provide insight into the inherent capabilities of the R12 version of the Oracle EBS to enhance operational mission support and planning.

Scope: The contractor will provide instruction and course material on the familiarization training on the R12 version of the Oracle EBS to Government identified target groups. This effort may include more in-depth training on selected EBS functions like Oracle Payroll Fundamentals, Oracle HRMS Self Service Fundamentals, or Oracle Business Intelligence Fundamentals.

Acquisition Approach: NETCENTS-2 App Service Small Business

Period of Performance: September 2016 – September 2019 (One-year base period plus two 1 year option periods)

Anticipated RFP Release Date: 3Q FY16

Estimated Dollar Value: \$2M

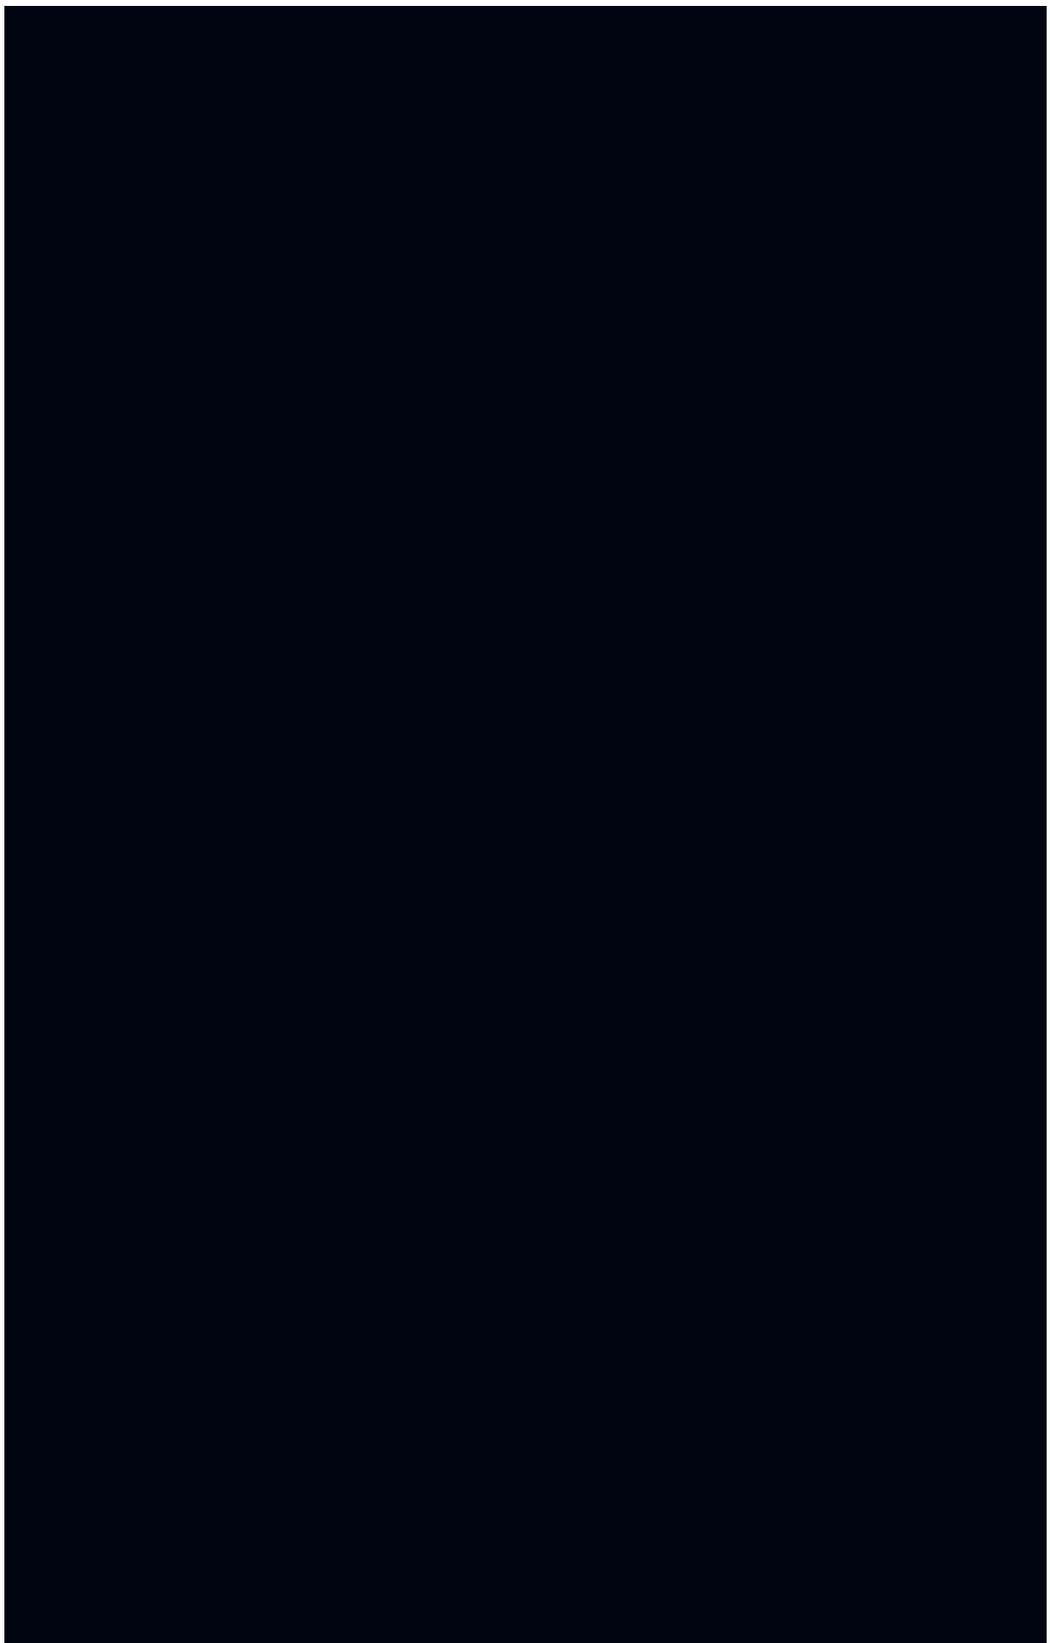

NAICS Code: 541511 – Custom Computer Programming Services

Small Business Set Aside: TBD
