AAC - AAC is a veteran-owned, employee-centric company that values its customers and cares about its people. At our core, we are problem-solvers, thinking strategically and creatively about using technology to drive our customers' missions. Our style is candid and transparent—we care about substance, not frills. Our people are our pride, and we support, develop, and recognize their efforts. As a company with multiple ISO and ITIL certifications, we are constantly improving our business. Our staff is trained and certified to evaluate your IT enterprise against the highest industry standards, and to implement effective solutions. We work hard to maintain our credentials because we believe in delivering the best service the right way.

Diversified Technical Services, Inc. (DTSI) – DTSI is a Small Business (SB) with headquarters in Texas. DTSI has over 30 years of experience managing and performing Information Technology (IT) and Telecommunication services for government and commercial customers. DTSI's information technology services are varied and encompass a wide range of technical services including software development, web development, network support, systems engineering, help desk support and IT facilities management. Our telecommunications services range from engineering services and implementation to a host of Wireless 802.x support services. DTSI personnel employ the latest information technologies, tools and a variety of enterprise-scale platforms to deliver low-risk effective solutions. DTSI offers its customer time tested, proven and validated solutions encompassing consistent and effective performance. One current example includes development and sustainment of a refined state-of-the-art collective suite of enterprise scale systems comprising the Military Personnel Data System (MILPDS) for the United States Air Force Personnel Center (AFPC). Beginning in 1992, DTSI (as the prime contractor) was instrumental in the modernization of this enterprise-scale system used globally by the warfighter. Three decades of experience have enabled the assembly of a team with domain and technical skills that have provided effective solutions to satisfy the complex missions of military and civilian customers worldwide. DTSI has classified and unclassified environment experience and a Top Secret facility clearance. DTSI consistency and program processes have been validated via its CMMI level 3 accreditations.

eSolutions Architects (ESA), Inc. – Welcome to eSolution Architects, Inc. a privately held, minority- and veteran-owned company founded in 2005 and headquartered in Montgomery, Alabama. eSA is a U.S. Small Business Administration 8(a) Business Development Program company and Small Disadvantaged Business certified since January 2009. Our company strives to deliver the products, services, and solutions to our clients across diverse business disciplines, accelerating the “time to value” of all technology investments. We also specialize in high-value services, focused primarily on server virtualization and consolidation and IT product installation, management, and support. eSA is a company founded on the principle of providing our clients with the best-possible technologies intended to provide tangible benefits to business practices and cost efficiencies.

In the ever-changing landscape of the technology industry, highly engineered, broadly focused products no longer control the market. Customers are now demanding low-cost solutions that can evolve after the initial sale to meet future anticipated and unanticipated functional needs. Additionally, strong competition resulting from shorter product life cycles and new business models is driving companies to utilize technology to discover and eliminate operational inefficiencies. eSolution Architects understands the changing technology industry and that customers can no longer rely on generic products and services designed to meet a broad spectrum of needs.

Excellus Solutions, LLC – Excellus Solutions, LLC is a Joint Venture comprised of long-term partners, 22nd Century Technologies, Inc. (TSCTI) and Optimal Solutions & Technologies, Inc. (OST). We are dedicated to providing our customers with quality IT services through process-driven best practices, including CMMI Level 5, ISO 9001:2008 and ANSI 748 Earned Value Management (EVM) processes and procedures.

The relationship between TSCTI and OST spans over a decade and across multiple projects. Our alliance has evolved from a mentor-protégé relationship, to a prime-subcontractor partnership, and presently, a Joint Venture.

A Prime on the NETCENTS-2 effort, Excellus Solutions built its team for quality, performance and success. With experience supporting the U.S. Air Force on contracts totaling more than \$4.7B, our team members have the expertise to fulfill all NETCENTS-2 task orders with proven quality. As incumbents on the NETCENTS-2 initiative, we support the Air Force mission while providing non-disruptive transition, lower risk and higher performance. We bring the skills and precision to meet the NETCENTS-2 goals: efficient in peace, effective in war, and ensuring success across the spectrum of operations.

VENDOR EXCHANGE FORUM
Attendees List (February 2014)

SI Systems Technologies (SIST), LLC – SIST is a joint venture between Stanfield Systems Inc. and Infinite Technologies Inc. Both companies realized synergies in regards to dedication, commitment, and value. In today's Defense Contractor industry, too many news stories arise reporting fraud, waste, and abuse by contractors concerned with bottom line as opposed to delivering quality products/solutions at a fair price. Leadership from both Stanfield Systems and Infinite Technologies agree that such policies are unacceptable and out of the question relative to our business practices. By joining forces, SSI and ITI, form a complete solution with qualities that rival larger entities and corporations without sacrificing overhead costs. Being lean, able to leverage the right skills at the right time are the cornerstone of SI Systems Technologies existence. We are owned and managed by an experienced and knowledgeable team of Air Force and Army Veterans, as well as former DO Civil Servants and experts from Industry with tenured expertise.

TACG – Founded in 2006, TACG, LLC (TACG) is a Federally Recognized Alaskan Tribal 8(a) Certified firm focused on the public sector and aerospace industries. Despite our small business status, we consistently deliver on large-scale projects because of our broad scope of capabilities, our handpicked staff of consultants, and our diverse partner network. Yet we still offer a personal touch that only a small business can provide.

TACG is committed to helping organizations achieve greater flexibility and efficiency. Combined with our Acquisition/Program Management, Engineering Services, Enterprise Services, Logistics and Supply Chain Services, and Technology/Infrastructure Solutions offerings, our forward-thinking approach to consulting helps organizations connect existing technologies with emerging solutions to do more, with less, for less.

Our holding company, Alaskan Native General Services (ANGS), manages over \$100M in revenue annually. They are constantly producing new organizations and growing at an exponential rate. This provides us with significant financial reach back that supports TACG acting as the Prime Contractor on large initiatives.

Team Askin Technologies, Inc. – Team Askin Technologies, Inc. (TATI), a certified Woman-Owned Small Business (WOSB), is an information technology service provider to government and business. TATI has established an outstanding track record of successful regulatory systems, insightful business process reengineering (BPR), and responsive support services. There is no secret to this success. The formula begins with proven technology, a highly-skilled technical staff, and a management team in touch with needs of the agencies they serve. To these ingredients, we add dedication and a real desire to see our clients' success. By bringing this approach to every project, TATI has earned a reputation for excellence and our clients' trust.
